

# PRODUCT FEATURES

Lumisplash is available in kit form with all necessary hardware supplied for installation. This all-in-one contained system saves time and money compared to other products that require extensive fabrication and set-up or bulky bulbs and wiring.

Lumisplash laminates are suitable for most vertical and horizontal applications where high pressure laminates could be used.

Lumisplash can easily be fabricated with standard woodworking tools such as routers, saws and drills (use techniques common with acrylics).

Be creative in your lighting with Lumisplash. This one of a kind product combines art with lighting in a durable laminate, creating a unique focal point for any home or business.

## WHY LUMISPLASH?

✂ Ultra thin and lightweight. 🔧 Can withstand 9,150 abrasion cycles meeting NEMA standard LD3-2005.

⚙ Chemical, stain, impact, scratch and abrasion resistant FRP surface.

🎨 Customizable with interchangeable graphics system.

🖼 A variety of edging, frames and mounting systems available.

👷 Easy on-site fabrication allows for accurate outlet and sink cut outs, as well as the ability to cut-to-size.
