

Illusion

New Product Profile

Expect to be delighted by the optical sensation of Illusion's cubist design. Lighting plays an engaging role in the chameleon affect of this design's allure. Rhythmic crisp planes appear to pop and recede, creating flow and movement throughout the space. The layered use of iridescent pigments complement a rich and diverse color palette that shifts, shines and surprises. With both vinyl and mylar options in 25 rich hues, Illusion is as versatile as it is exciting.

Installation Notes:

Illusion is a straight hang, random match.

Physical Properties:

Width: 53/54" (134/137 cm)
Weight: Type II 24 oz./Linear Yard (735G/Lin.M)
Backing: Poly Cotton Osnaburg

ASTM E-84 Results: Class 'A' Fire Rating; Flame Spread: 5; Smoke developed: 15
Test results available upon request.

Pass rating when tested in accordance with NFPA 286 Corner Burn Test

Features:

- New Clean Vinyl Technology (CVT)
 - No phthalate plasticizers (film, inks, adhesive)
 - No heavy metals, including barium
 - No arsenic-based biocide
 - No antimony-based fire retardant
 - Formaldehyde free
- Printed exclusively with water-based, low VOC AQUA-CLEAR INKS
- Roller applied AQUA-CLEAR 3.0 top finish for improved cleanability and stain resistance
- Wallcovering is Ultra-Fresh® treated to inhibit odor and stain-causing mold and mildew
- Formulated with Advance Warning Effect
- Five-year warranty against material defects
- All material components are made in the USA

Environmental:

- Pass rating under CA 01350 for improved indoor air quality
- SCS Indoor Advantage™ Gold certified
- NSF/ ANSI 342 certified for sustainability
- CA Prop 65 compliant
- Published Health Product Declaration (HPD) – LEED eligible

The flammability rating indicated herein has been determined under controlled laboratory conditions and is not intended to reflect hazards presented by this or any other material under actual fire conditions.
